Los Angeles, CA ([PRWeb](http://PRWeb)) August 16, 2007 -- Projector123.com, the nationwide leader in professional-quality projector rentals, is now servicing several California-metro areas, delivering LCD projectors overnight, guaranteed and starting at just \$99 per day. Now, a last-minute executive presentation or milestone celebration is no problem for business and leisure customers in Los Angeles, San Jose, San Francisco/Santa Rosa, Long Beach, Fresno, Sacramento, Oakland, Anaheim, Bakersfield and Riverside.

The reliable service provided by Projector123.com ([www.Projector123.com](http://www.Projector123.com)) enables customers to rent a projector that is an affordable and stress-free alternative to the hassle of researching and investing in high-tech equipment that will soon be obsolete. Featuring an impressive inventory of state-of-the-art projectors, Projector123.com provides expert, around-the-clock tech support to help customers select the right projector for their needs, whether it's a major PowerPoint presentation to the executive team or showing old photos and video footage at a 50th wedding anniversary.

In fact, projector uses are quickly expanding beyond the boardroom. Capable of HDTV quality, they can provide the ultimate big-screen viewing experience for a LA Lakers playoff game, add impact to a lecture at San Diego State University, give flair to a photo montage at a wedding reception at The Clift in San Francisco, or turn a neighborhood block party into a memorable outdoor movie night.

Customers choose from a selection of state-of-the-art digital projectors with 2000 or 3000 lumen specifications, capable of HDTV quality and backed by technical support available by phone around-the-clock. Projector rentals can connect to laptops, DVD players, video game consoles, cable or satellite TV boxes, and even to digital cameras, creating nearly unlimited possibilities for use.

The process is simple and quick: Visit Projector123.com, select one of two models, designate rental dates, agree to the terms and conditions, submit online payment, and wait for FedEx to arrive. When the party is over, just slip the projector back in its shipping case, replace the old shipping label with a return label provided, and drop it off or arrange for a FedEx pickup. Projectors can be shipped virtually anywhere in the United States.

To ensure peace of mind, rentals are scheduled to arrive via FedEx one business day prior to the beginning of the rental period at no additional cost. Early delivery allows the customer time to get accustomed to the operation of the projector and to ensure it arrives as promised.

All projector rentals from Projector123.com ([www.Projector123.com](http://www.Projector123.com)) are shipped in an attaché-style case that doubles as a carrying case and a shipping carton. The case is free of any branding or extraneous logos, to allow business professionals to maintain a sense of decorum and minimize distractions during the all-important

presentation.
